FEBRUARY 2016

CURIOSITY

Feb. 20 - volunteer work-day  
Feb. 22 - Board meeting  
PTO meeting  
Feb. 23 - Class pictures  
Feb. 24 - Community Circle (8:30)  
Feb. 29 - Mar. 4 Read Across Am. Wk  
Mar. 7 - Kindergarten Lottery (4:00)

## CLASS NEEDS

We are completely out of pencils, cap erasers, and we have 2 pads of post-it notes left.

**Read Across America**  
(celebrating Dr. Seuss' birthday)

Feb. 29 wear favorite hat  
Mar. 1 wear green (eat green eggs and ham breakfast in lunchroom)  
Mar. 2 dress as favorite book character  
Mar. 3 Thing 1/Thing 2 twin day  
Mar. 4 crazy socks

## CONVERSATION STARTERS

Which historical Americans are you studying?  
What have you learned about them so far?  
How can rocks be categorized (grouped)?  
How do you find the area of a polygon?  
How do you find the perimeter of a polygon?  
What is our 7Cs word of the month?  
In what ways can you show you are working on the word of the month?  
How many assignments/problems have you completed on TenMarks this week/month?  
How many quizzes have you taken on ReadTheory this week/month?

All students in our class should be practicing on Tenmarks and ReadTheory a few times a week. This is in addition to their homework.

All students in our class should also be reading a chapter book on their Lexile level. The students should know their Lexile.

\*\*There are still quite a few students who are not practicing on these sites and have not been reading chapter books on their Lexile level. Please help by making sure your child is staying on top of these requirements.\*\* Thank you.

## What We're Studying

- historical Americans (obstacles and accomplishments)
- rocks and minerals, pollution
- area/perimeter
- reviewing graphs/analyzing data
- writing process: opinion (rough draft/brainstorming, editing, final draft)
